Preamble

In compliance with AB-1725 (1988) and the California Code of Regulations §§ 51023, 51023.5, 51023.7, it shall be the policy of the Miramar College to implement a process wherein faculty, students, classified staff, and administration participate in collegial decision making and policy recommending activities.

Mission

This Governance Structure at Miramar College is designed to:
1. Implement the mission of the college through compliance with AB-1725.
2. Provide the opportunity for input from all college constituencies.
3. Base the decision making process on open communication and shared information.
4. Create a process to promote open communication between the constituencies.
5. Encourage all to hear and respect the needs and expectations of faculty, staff, students, and administrators in a consensus-building atmosphere.

Guiding Principles

The Miramar Governance procedures are based on the following key assumptions:

1. This governance structure has been established first and foremost to further the educational goals of Miramar College students. To accomplish this, we value and depend upon the commitment and communication of everyone. Therefore, this model invites the participation of the students, faculty, classified and administrative staff of Miramar College through their officially recognized constituent groups, respectively: the Associated Students, the Academic Senate, the Classified Senate and the College President. Conflict resolution, if any, shall take place in a collegial and professional manner.

2. The governance structure of Miramar College should remain dynamic, flexible and modifiable to accommodate campus needs as well as changing situations, policies, laws and responsibilities defined at the District and State levels.

3. The governance structure is designed to implement the Miramar College mission and goals. Thus, the campus goals will be the focus for all decision making.

4. This governance model has been developed to facilitate decision-making and to comply with AB-1725 (1988) and Title 5, §§ 51023, 51023.5, and 51023.7 of the California Code of Regulations. The model upholds the San Diego Community College District's Policy BP 2510, which mandates the following:
   a. In issues involving the eight academic and professional matters listed below, the Miramar College President (as the designee of the Board) will rely primarily on the advice of the Miramar College Academic Senate.
      1) Curriculum, including establishing prerequisites and placing courses within disciplines
      2) Degree and certificate requirements
      3) Grading policies
      4) Educational program development
      5) Standards or policies regarding student preparation and success
      6) District and college governance structures, as related to faculty roles (refers to number, make up and nature of committees in the governance structure and the role faculty plays in these)
      7) Faculty roles and involvement in accreditation processes, including self study and annual reports
      8) Processes for institutional planning and budget development

   b. The Miramar College President (as the designee of the Board) must reach mutual agreement with the Miramar College Academic Senate on issues involving the following three academic and professional matters:
      1) Policies for faculty professional development activities
      2) Processes for program review
      3) Other academic and professional matters as mutually agreed upon between the Governing Board and the Academic Senates.

5.   Issues on which mutual agreement must be reached are brought to the College Executive Committee (CEC). On AB-1725 matters, the right to vote is given only to the Academic Senate President and the College President with the Associated Student Council and Classified Senate representatives providing input. On non-AB-1725 "All Campus" matters, each of the four constituent groups has an equal input. The College Executive Committee will make every effort to reach full consensus on non-AB-1725 "All Campus" matters, but if this cannot be achieved then the College President will decide the issue.

6.   CEC is a "legislative" body and operates pursuant to the Ralph M. Brown Act (hereafter referred to as "the act") per Section 54952 (b). In short, this means that:
   a.   All meetings of the CEC will be open and public, except for closed session meetings per Section 54954.5 of the act.
   b.   All agenda items and any other writings will be published, disseminated to the membership and posted in an area accessible to the public (during normal working hours) no less than 72 clock hours in advance of any regularly scheduled meeting.
   c.   No action will be taken on any matters that are not on the posted agenda unless the provisions for late-breaking or continued items or "emergency situations" are met in accordance with Section 54954.2(b) of the act.

7.   The Miramar College Academic Senate is also a "legislative" body that will operate pursuant to the Ralph M. Brown Act (as delineated above). Therefore:

   a.   All meetings of the Miramar College Academic Senate will be open and public, except for closed session meetings per Section 54954.5 of the act.
   b.   All agenda items and any other writings will be published, disseminated to the membership and posted in an area accessible to the public (during normal working hours) no less than 72 clock hours in advance of any regularly scheduled meeting.
   c.   No action will be taken on any matters that are not on the posted agenda unless the provisions for late-breaking or continued items or "emergency situations" are met in accordance with Section 54954.2(b) of the act.

8.   The College standing committees and committees of the Academic Senate come under the Brown act as they are "Advisory Standing Committees". These committees function to gather information, analyze and make proposals, and develop reports and recommendations to the constituent groups through a process of research and collegial discussion. These committees make recommendations to the College President, the Academic and Classified Senates and the Associated Student Council in accordance with the operating procedures outlined in this Handbook and, at the request of the leadership of any of the constituent groups, the chair (or their designee) will provide information or present a report to that group. All recommendations will then forward to CEC for final resolution.

9.   Members of college standing committees and Academic Senate committees are charged with consulting, polling, informing and representing their constituencies.

10.   All meetings shall be open to everyone and any member of the college community is invited to attend any meeting as a non-voting guest at any time.

11.   Each constituent group will establish selection criteria and appoint representatives to the standing committees. They will also fill vacancies and replace members who do not attend meetings regularly.

Overall Structure

The Miramar College Governance Organizational Structure includes committees with different functions and responsibilities. The first category provides planning and direction for the College. The second category is composed of working groups that respond to input and report to other committees as shown in the organizational structure chart. The third category of committees is standing committee that includes not only members from the Miramar Campus but also from the Community and the District.

The first category includes:

°Committees which make decisions:
- Academic Senate
- The College President
- Classified Senate
- Associated Student Council
- College Executive Committee (CEC)
- Curriculum Committee

°Committees which make recommendations:
- Academic Affairs Committee
- Administrative Services Program Review Committee
- Chair's Committee
- College Governance Committee
- Diversity and International Education Committee
- Facilities Committee
- Faculty (Contract) Hiring Committee
- Marketing Committee
- Planning and Institutional Effectiveness Committee
- Professional Development Committee
- Staff Development Committee
- Student Services Committee
- Technology Committee

The second category of committees is functional work groups responding to input, and reporting to the appropriate committees as shown in Appendix II. Although these work groups are non-decision making they retain the autonomy to function as an acting body specific to their purpose, unless otherwise directed by their parent committees.

- Academic Standards
- Basic Skills
- Budget & Resource Development
- Commencement
- Distance Education
- FLEX
- Honors
- Instructional Program Review/SLOAC
- Research
- Student Services Program Review/SLOAC
- Tenure and Promotion
- Website
- All Ad Hoc Committees & Task Forces

(See Appendix II: The Miramar College Governance Organizational Structure chart.)

The last category of committees on the campus includes membership not only from Miramar College but also from the community or district offices. Some examples are:
- Hourglass Field Association
- Miramar College Foundation
- Review of Services Committee
- Citizen's Advisory Council
- Safety Committee

Membership, procedures, and decision-making processes of these groups are often determined by agreements with external partners or special bylaws. However, there is formal participation of each constituency in these groups, sometimes including voting membership. Should any proposed action of any of these groups appear to conflict with academic/professional prerogatives, these matters will be referred to CEC for input and consultation.

Committee Membership and Goals

The Chair, membership, goals/issues, and procedures for CEC and each of the standing committees are described in the following pages. (See Appendix I: Installment of Committee Members and Chairs)

Each entry described below will include the following sections:
- Chair: Eligibility - Election process - Term*
- Committee Membership (Administrators, Classified Staff, Faculty, and/or Students)
- Committees Goals
- Committee Procedures and Calendar
- Standing Sub-Committees

  *Depending on the Committee, some Chairs are a permanent appointment due to position or they are elected as described.

All committees that have District counterparts should recommend Faculty representatives from their membership to attend these meetings. These recommendations will be reviewed by the Academic Senate for appointment. They will report to the respective committees and to the Senates as needed. This additional committee work is eligible for FLEX time.

College Executive Committee

Chair Eligibility – Co-Chairs: Academic Senate President and College President

Committee Goals:

The CEC is the decision-making body for the eleven Academic and Professional Matters as defined by Title 5 and District Policy BP 2510. Issues on which mutual agreement must be reached are brought to the College Executive Committee (CEC). On AB-1725 matters, the right to vote is given only to the Academic Senate President and the College President with the Associated Student Council and Classified Senate representatives providing input. On non-AB-1725 "All Campus" matters, each of the four constituent groups has an equal input. The College Executive Committee will make every effort to reach full consensus on non-AB-1725 "All Campus" matters, but if this cannot be achieved then the College President will decide the issue.

More specifically, the CEC:

1. Discusses academic and professional matters as outlined in AB-1725 prior to them becoming action items, and to allow for input on these issues from all constituent groups.

2. Makes decisions on action items defined as AB-1725 academic and professional matters as follows:

a. **Rely primarily matters:**
   • Curriculum, including establishing prerequisites and placing courses within disciplines
   • Degree and certificate requirements
   • Grading policies
   • Educational program development
   • Standards or policies regarding student preparation and success
   • District and College governance structures, as related to faculty roles (refers to number, make up and nature of committees in the governance structure and the role faculty plays in these)
   • Faculty roles and involvement in accreditation processes, including self study and annual reports
   • Processes for institutional planning and budget development

b. **Mutual agreement matters:**
   • Policies for faculty professional development activities
   • Processes for program review
   • Other academic and professional matters as mutually agreed upon between the Governing Board and the Academic Senates.

c. **Voting**
   In the eight rely primarily and three mutual agreement matters all action items require, and are limited to, two votes. One vote is given to the College President and one vote is given to the Academic Senate President. Voting on action items may take place on only those items which have already been voted upon by the Academic Senate.

3. Helps negotiate compromise when mutual agreement has not been attained.

4. Refers academic and professional matters (as outlined above) to the Academic Senate or the appropriate standing committee(s) for review and recommendations.

5. Refers "all campus" issues to the appropriate standing committee(s) for review, recommendations and/or implementation as appropriate.

6. Recommends the formation of ad hoc committees to study issues that do not fall under the duties of any of the standing committees.

Committee Procedures and Calendar:
1. As a decision-making body, the CEC will operate under the Ralph M. Brown Act.
   a. Agendas will be posted 72 hours in advance
   b. Meetings will be open to the public to allow all interested or affected parties to hear and respond to the committee's decisions

2. The CEC will meet as often as necessary to conduct business, meeting no less than once per month at a regularly scheduled time.

3. The CEC will divide its agenda in the following manner:
a. The first section (Section One) of normal business will include those items which are "all campus" in nature. Any items that are specific to those areas defined by CEC Committee Goals, Part 2 (above) will be moved to Section Two of normal business. Additionally any items in question will also be moved to Section Two. All four constituent groups will have input on all Section One business. The College Executive Committee will make every effort to reach full consensus but if this cannot be achieved then the College President will decide the issue.
b. The second section (Section Two) of normal business will contain any business pertaining to issues defined by CEC Committee Goals, Part 2 (above). The Academic Senate President and the College President will have one vote each in Section Two business.

4. The CEC will provide oversight and evaluation of all college planning and decision-making. This includes ensuring the evaluation processes detailed within this handbook and the College Strategic Plan are assessed.

5. **Definition of terms**
   a. *Rely primarily*:
   As required by AB-1725, the College President, as the Board's designee, shall rely on the Academic Senate's recommendations on the eight matters listed in CEC - Goals 2. a. above. The decision-making process shall include input from other constituent groups on decisions that significantly impact those groups.

   b. *Mutual agreement*:
   As required by AB-1725, decisions on the three mutual agreement issues must be mutually agreed upon by the Academic Senate and the College President, as the Board's designee. The decision-making process shall include input from other constituent groups on decisions that significantly impact those groups. If the Academic Senate and the Board's designee cannot reach mutual agreement, both the Academic Senate and the College President have the right to take their recommendations directly to the Board. At this time, if the Board and the Academic Senate cannot mutually agree on the decision, the Board must provide, in writing, its reasons for not accepting the recommendations of the Academic Senate.

   c. *All Campus:*
   Includes issues and topic areas that do not fall under the "Rely Primarily" and "Mutual Agreement" areas as defined by CEC Committee Goals, Part 2 (above). Since many aspects of College business may contain components that impact multiple areas, any areas or issues that are not easily determined to be AB-1725 issues will be referred to CEC Section Two for clarification. (See Appendix III: **Glossary** for additional terms and definitions)

Faculty (Contract) Hiring Committee

Chair Eligibility – Co-Chairs: Same as Co-Chairs of Academic Affairs
Chair Election – designated by position held
Chair Term – Not Applicable
Committee Membership - Voting members consist of the voting members from Academic Affairs and the members of the Academic Senate Executive Committee.

Committee Goals:
   The committee will develop and prioritize a contract faculty hiring list annually.

Committee Procedures and Calendar:
The following procedures apply to the process of generating the Contract Faculty Ranking Priority List to include all Contract Faculty employed at San Diego Miramar College.

<u>**General Procedures/ Please refer to the schedule below.**</u>
1. By the October meeting date, the Contract Faculty Hiring Committee (CFHC) will have reviewed and determined the ranking criteria, proposal and procedure to be used for that academic year.
2. Within one week after the October meeting date, each department will provide the proposed positions to the VPI's office in order to gather the necessary qualitative data for the Contract Faculty Hiring Proposal. The qualitative data will be provided by the VPI's office to the departments who requested the information within one week. Faculty Hiring Proposal must be completed and returned to the VPI's office one week after.
3. The co-chair of Faculty Hiring will work to shared the pre-filled data with each proposal's department Chair and area Dean or VPSS within two weeks after all the oral presentations have been heard at Contract Faculty Hiring Committee.
4. Within two weeks after all the oral presentation have been heard at Contract Faculty Hiring Committee, all the qualitative criteria scores must be submitted to the VPI's office for summation.
5. During the December meeting, the Contract Faculty Hiring Committee will meet to review the tally of all criteria for all positions and make a recommendation of the Contract Faculty Ranking Priority List to Academic Senate by their last meeting date of the semester. The ranking list prepared at the meeting remains effective until the next ranking meeting held during the Fall semester is determined.
6. Once the ranked list is determined, alterations may not be made to the list unless extenuating circumstances occur which were not present during this list establishment cycle. The committee shall determine and agree a situation is "extenuating" by a simple majority paper ballot vote.
7. Should extenuating circumstances occur, the CFHC will meet to discuss and determine with a 60% paper ballot vote whether or not to create a new list of positions not yet approved by the president of the college.

<u>**Additional Hiring Committee Policies**</u>
1. When a faculty transfers from another SDCCD college to San Diego Miramar College, the program/service area loses its similar position on the respective ranking list if such exists.
2. It is expected that the process of filling a vacant or new faculty position will begin as soon as possible following the approval of the president and district to proceed with the search process. If a department/program takes longer than one academic year to fill the vacant or new position, the delay alone will not result in that vacant or new position being assigned to another program on the priority list, either in the academic year in which the position was approved for hire or in the subsequent academic year. However, at the end of that subsequent academic year, the position's priority on the list will expire and must be resubmitted for consideration for the next hiring cycle. Chairs and Deans will be required to report to the Faculty Hiring Committee once per year on the hiring-process status of all new and vacant faculty positions.
#3. Each school can alter any position from one discipline within the school to a "Replacement" or "New Hire" position in another discipline with the mutual agreement of both programs' faculty, the school faculty, the school dean and the Miramar College Faculty Hiring Committee.

Since this committee is composed of a large group who may not all be able to participate at every meeting the minimum Quorum is five (5) members. This shall include at least two Administrators and two Faculty. At all times, the entire membership shall be subject to all committee agendas, minutes and correspondence.

Committee Goals:

The mission of the Technology Committee is to provide organization, recommendations, direction, and standards for campus technology. The structure of this Committee will rely upon the operational role of the Deans and Vice Presidents to orchestrate the continued development of the on-going Technology Plan, to advocate and support Instruction and Services utilizing technology, and to coordinate funding resources to maximize technology implementation campus wide. All the above listed members are voting members but the Committee will rely heavily upon the Administrative capacity to organize and promote process much like the College relies upon them to orchestrate the publication of the College Course Catalog and Schedule.

The Committee will:
Develop and update 3-year Instructional Technology Plan
Establish technology standards and procedures for the College
Determine technology needs and priorities to support all instruction, services, and administration
Provide technology direction and oversight for the Website Sub-Committee

Administrators (1)	Classified Staff (2)	Faculty (6)
VPI or Designee	Evaluator (1)	Articulation Officer
	Representative	Counselor (2)
		Instructional Faculty (3)

*The administrator shall be the VP of Instruction or his/her designated representative. Faculty representation shall include the articulation officer and five other faculty members appointed by the Academic Senate to include two counselors, at least one Career-Technical Education (CTE) faculty member and two other instructional faculty members. At least one classified staff representative shall be an evaluator.

Committee Goals:

The Academic Standards Committee is responsible for instructional and curricular issues related to college-wide academic or interdisciplinary program requirements. This includes but is not limited to: adjudication of student petitions pertaining to these requirements; review and oversight of interdisciplinary degrees and certificates; review and oversight of general education patterns and district requirements; and review of Advanced Placement, International Baccalaureate, and other external sources of academic credit for applicability to general education requirements. The committee also serves as the reviewing and recommending body for the Academic Affairs Committee and Curriculum Committee on issues related to the implementation of college- and district-wide academic policy and procedure, evaluation of coursework from other institutions, and the application of credit from previous educational experience.

Committee Procedures and Calendar:

The committee meets as needed, but at least twice per semester. The committee reviews all outstanding student petitions and acts on other matters related to its goals/issues at each meeting. Fifty percent of the membership plus one shall constitute a quorum. A Disability Support Programs and Services (DSPS) expert will be present at all meetings in which a petition based upon the educational limitations imposed by a student's disability is adjudicated, or when requested by the student or any member of the committee. Copies of student petitions are distributed to all committee members prior to the meeting at which they are reviewed. Student petitioners are invited to address the committee during the meeting in which their petitions are considered. The committee discusses and votes on each student petition individually. Decisions on student petitions are made by majority vote. As petitions, by definition, are requests for exceptions to existing college policy, there is no inherent right to appeal committee decisions.

Appendix I:

Installment of Miramar College Standing Committee Members and Chairs

All standing committees will have a membership duration of 4 years with the exception of Curriculum Committee and those committees which have positional assignments (Example; Academic Affairs is composed of Dept. Chairs, Deans, VPs etc.) Curriculum Committee will have a membership term of 6 years.

Standing Committee Chairs must have served on the committee as a member for at least two years to act as Chair. This may be reduced to one year in unusual circumstances. All Standing Committee and Sub-Committee Chairs must be employed by SDCCD.

Standing Committee Chairs term will be two years unless otherwise specified by the specific committee procedures as defined in this Governance Handbook. (Exception example; Academic Affairs permanent Co-Chair is the VPI)

Any campus employee or enrolled student may be a Standing Committee member. Voting membership for each Standing Committee is described in this Governance Handbook.

Standing Committee membership for the following year will be appointed by each Constituent Group's Senate and shall be determined during the Spring semester. It is the responsibility of each committee and any interested participants to provide membership recommendations to their respective Senates by Spring Break.

The respective Senates will provide membership appointments for all committee positions prior to the end of the Spring semester. Committee Chairs will report non-attendance of its members to the respective Constituent Group for member replacement by each respective Constituent Group. Non-attendance is defined as failure to attend 3 consecutive meetings. This may be waived in extenuating circumstances such as a sabbatical or medical leave. In the event someone resigns from a committee that person will be replaced by their constituent group. The new person will complete the term of the original member.

During the last Spring Semester of a Chair's term the respective Standing Committees will make a recommendation for a new Chair. This recommendation will be approved by the Constituent Groups through their respective Senates and CEC. The College President and Academic Senate President will approve Standing Committee recommendations for faculty appointments to Chair the following committees:
　　　　Academic Affairs – Co-Chair
　　　　Curriculum Committee
　　　　Budget and Resource Development Subcommittee
　　　　Professional Development Committee
　　　　College Governance Committee
　　　　Staff Development Committee
In all the other Standing Committees, all four Constituent Groups will have equal input on Chair recommendation approvals at CEC.

CEC shall give its Chair Appointment approvals prior to the end of each Spring semester for those committee's whose Chair term is up.

　　　Transition to this system shall include allowing the new time lines enough time to be functionally implemented.
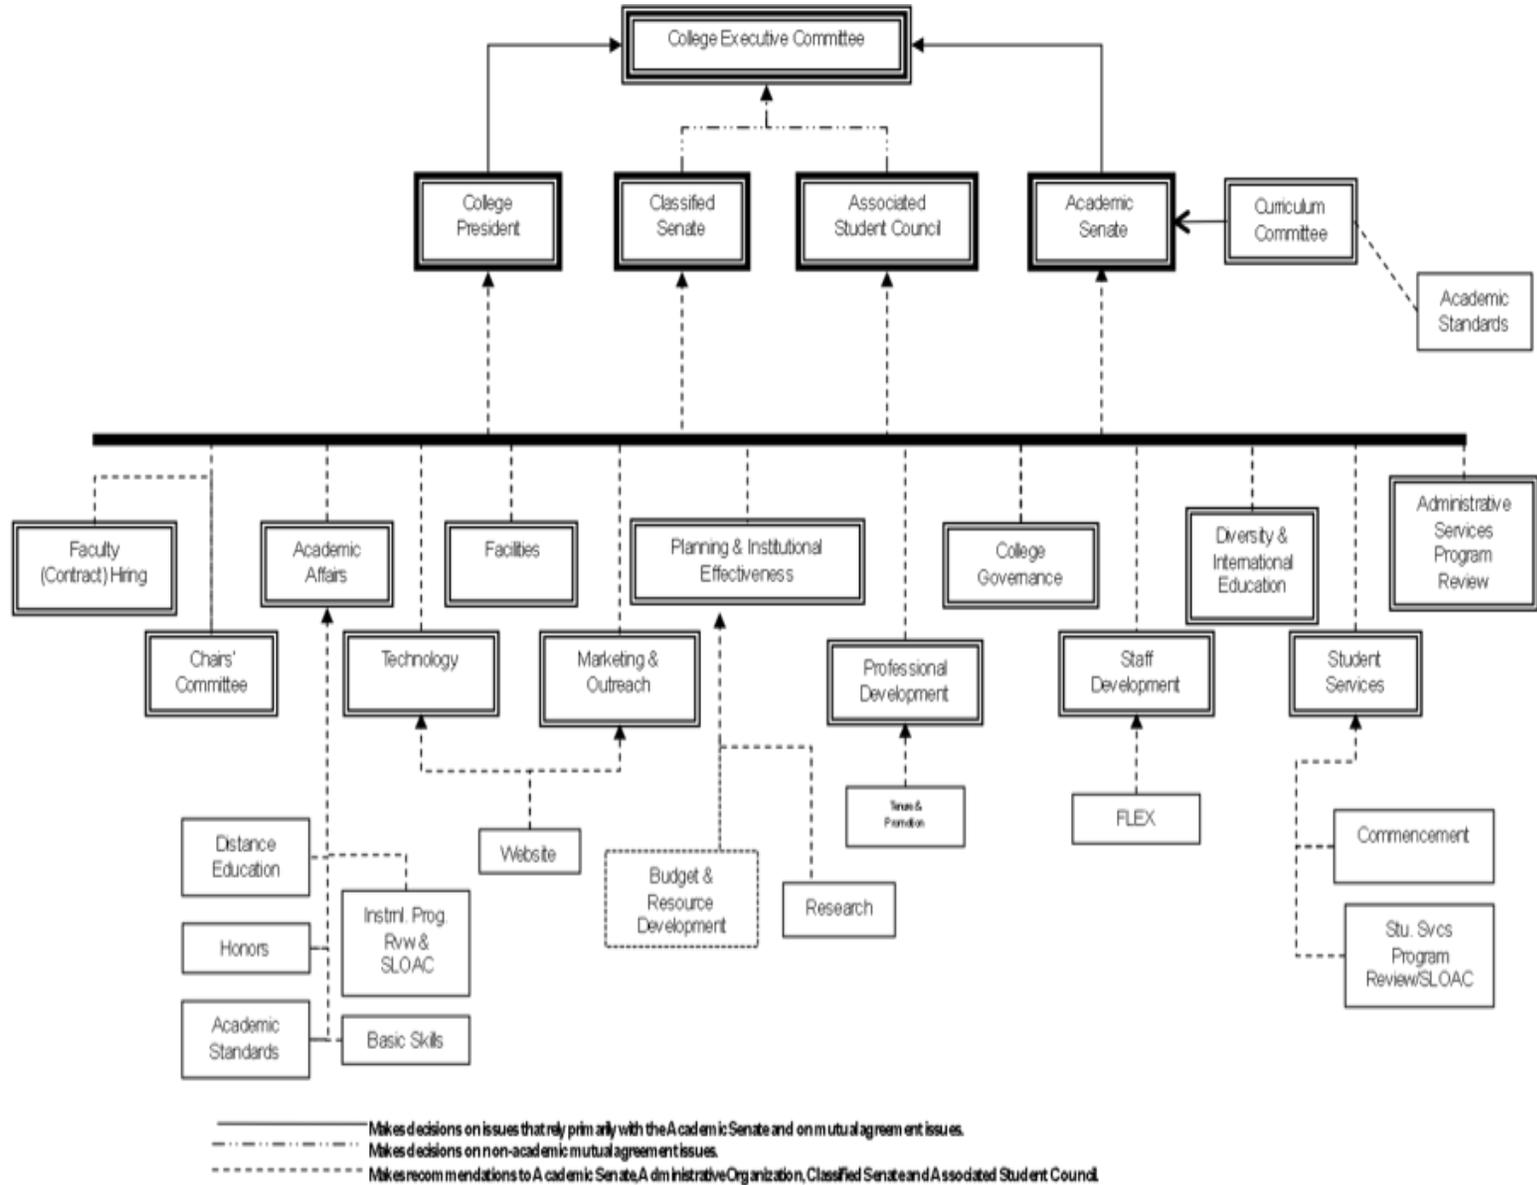

　　　The Standing Chair terms shall be so staggered so as to have only half of the Chairs rotating out during any annual cycle.

　　　Standing Committee membership terms will be rotated so as to not renew more than one half of its membership during any rotation cycle.

Committee membership can apply to FLEX time. Additionally the Annual Fall FLEX shall include a Committee Member/Committee Chair orientation.

Student membership to all committees will be by recommendation from the Associated Student Council and shall rotate annually unless otherwise specified above.

Glossary and Resources

AB-1725	Refers to Assembly Bill 1725 (1988) as implemented in Title 5 California Code of Regulations.
Standing Committee	Any committees of a legislative body, irrespective of their composition, which have a continuing subject matter jurisdiction, or a meeting schedule fixed by charter, ordinance, resolution, or formal action of a legislative body.
Strategic Planning	The College Governance Handbook defines the structure of governance and order of authority within the legally mandated consultation process at Miramar College. The College Strategic Plan guides the planning, review, and evaluation processes along with the short and long-range calendars for implementation. The College Strategic Plan and associated divisional and operational plans then contain the product of all college planning and are the basis for all decision making following the structure laid out in the College Governance Handbook. (Inserted in appendices)
Constituency Group	One of four groups who represent the entire body of Miramar College. This includes the Academic Senate, the Associated Student Council, the Classified Senate, and the College Administration. These groups are represented by their respective presidents and all are elected with the exception of the College President. This means the College President may vote without further process, but the other three representatives may need to solicit the will of their respective constituency groups prior to voting unless otherwise allowed for in their specific bylaws.

Procedures For Changing The Model And The Handbook

How to Route Issues

Issues can be brought up by any individual or group and taken directly to the appropriate committee for review and recommendations. If the originator is unclear as to which committee to go to, the issue should be brought to the attention of the College Executive Committee or any Senate for appropriate forwarding. In addition, the CEC or any Senate should request joint committee meetings and recommendations or review by several separate committees whenever appropriate.

The College Governance Committee may also be asked by the initiator and/or any Senate to review issues so as to ensure that all of the appropriate committees have been included in the process. Any committee may also recommend to CEC or any Senate that another committee be asked to review an issue.

All committee recommendations shall be routed using the <u>San Diego Miramar College Governance Committee Recommendations and Routing Form</u> <u>(see Appendix V)</u>.   Although it is not required, it is **highly** recommended that the recommending Committee Chair, or appropriate person(s), attend the Senates, Council and CEC meetings for any clarification and to provide timely due process of the recommendation.

Lastly, any issue needing clarification or due process that relates to any of the following areas must eventually be routed to the Academic Senate:
Curriculum
Degree and Certificate Requirements
Grading Policies
Educational Program Development
Standards or Policies regarding student preparation and success
District and College Governance Structures
Accreditation
Planning and Budget Development
Faculty Professional Development
Any other Academic or Professional matter

Duties of Governance Committee Chairs

Committee Chairs shall organize the work of their committee by completing the follow tasks:
1. Each Fall, and as necessary thereafter, review the committee purpose, goals, issues and procedures with the members and direct the committee to establish goals for the Calendar Year.
2. Submit the Committee's yearly goals and issues to the College Executive Committee. These annual goals will be reviewed for coordination with the College Strategic Plan.
3. Review with committee members their responsibilities, which <u>must</u> at a minimum include:
   a. Preparing for, and attending each meeting (or send a proxy)
   b. Representing the constituent group from which the member was appointed.
4. Schedule and call meetings, prepare agendas, establish a meeting format and direct and participate in the discussion of committee business at each meeting. Meetings shall not occur less than one per month, unless the committee's purpose and goals clearly require fewer.

5. Submit Committee agendas and previous minutes draft at least 72 hours before each meeting to:
   a. All committee members
   b. The Academic Senate President
   c. The Classified Senate President
   d. The Associated Student Council President
   e. The College President
   f. The College Governance Committee Chair
      Note: you may post the agenda and minutes to the respective Committee's web page and notify the persons above via E-Mail.
6. Submit reports in accordance with the procedures described in this handbook under "Reporting", including:
   a. See that verbal reports of the Committee's work are made to each constituent group by the appropriate committee members.
   b. Distribute written reports in the form of draft minutes, approved minutes, and the Recommendation form to the same list as the Agendas (above).
7. Fill vacancies in a timely manner by indicating a written request to the President of the appropriate constituent group from which the position was vacated.
8. Forward, in writing, all recommendations for changes in committee composition or purpose to the College Governance Committee for review and subsequent recommendation to the Academic Senate and CEC.
9. Set aside one committee meeting per year (to be determined jointly with the College Governance Committee Chair) in order to participate in the annual evaluation of the Miramar College Governance Structure.

Reporting

The work of the Standing Committees will be reported to all four constituent groups both verbally and in writing.

Verbal Reporting

Verbal reports should be made by the appropriate committee member at the next Associated Student Council, Academic Senate, and Classified Senate meetings unless the Council or Senates stipulate another time.

Written Reports

Written reporting shall take three forms: agendas, minutes and the Recommendations and Routing Form. Each constituent group should receive copies in a timely manner and maintain an organized file for reference.

Agendas should include standard items (approving past minutes, review of old business items, etc), as well as a new list of topics for discussion.

Agendas and previous draft minutes shall be submitted at least 72 hours before each meeting to:
   a. All committee members
   b. The Academic Senate President
   c. The Classified Senate President
   d. The Associated Student Council President
   e. The College President
   f. The College Governance Committee Chair
Note: The agendas and minutes may be posted to the respective Committee's web page and E-mailed to the persons listed above.

Minutes should include a summary of the discussions, as well as a description of any conclusions and recommendations.

Minutes shall be distributed or web posted in draft form, and marked as such, within 72 hours of the meeting within which they will be approved. An approved set, or notification that the draft has been accepted without modification, should be distributed or web posted within 5 working days after the meeting within which they were approved.

Written recommendations will be submitted at the next Academic Senate, Associated Student Council, and Classified Senate meetings on the San Diego Miramar College Governance Committee Recommendations and Routing Form unless the Council or Senates stipulate another time. (see Appendix V). They will then be further carried to the next College Executive Committee meeting unless CEC stipulates another time.

The Academic Senate is responsible for approving all AB-1725 matters in accordance with the Board of Trustees stipulations regarding "mutual agreement" and "rely primarily". In all other matters the Associated Student Council, Academic Senate, Classified Senate, and College President along with CEC will assure timely processing of the Recommendation. Disputes shall be handled in the CEC.

How to Make Changes to the Model and/or the Handbook

Any change to the model must be agreed upon by all four constituent groups. The approval process is as follows:
1. All recommendations for changes are to be sent in writing to the College Governance Committee.
2. The Committee will review the changes and will generally ask the recommending party to attend the review meeting to provide clarification if needed.
3. If the Committee decides to recommend the change(s), then:
    a. The Committee will forward it in writing to all four constituent groups for approval.
    b. Approvals, comments and revisions will be sent back to the College Governance Committee in writing within three weeks.
    c. If there is disagreement or changes made by one group, the College Governance Committee will continue to work with the four groups until there is complete agreement. If that cannot be accomplished, step four procedures will be followed.
4. If the Committee decides to not recommend the change(s), then
    a. The Committee may provide suggestions to the recommending party for revision and reason for non-support.
    b. The Committee will make a report of the suggestions and the Committee's recommendations available to the Associated Student Council, Academic Senate, Classified Senate, and College President .
    c. The recommending party can then take their suggestion(s) to CEC for further discussion and deliberation.
